VoIP Supply Unleashes Go³ Guaranteed Replacement Warranty Program

Go³ allows customers an affordable way to protect their hardware investment

BUFFALO, N.Y. April 1, 2008—VoIP Supply, LLC (www.voipsupply.com), a division of Sayers Technology Holdings and a leading provider of Voice over IP hardware, announced the launch of their new three-year, no-questions-asked, guaranteed replacement warranty, Go³. The new Go³ Guaranteed Replacement Warranty gives customers a no hassle way to protect their VoIP hardware purchases. The new warranty program is based off of VoIP Supply's existing warranty program and was redesigned with feedback from existing customers.

"Our customer service is VoIP Supply's number one priority," said Benjamin P. Sayers, CEO of VoIP Supply. "We have been successful due to our wonderful customer's trust and support. The Go³ Guaranteed Replacement Warranty is just another way that we can bring our clients needs to the forefront."

The Go³ Guaranteed Replacement Warranty allows customers to protect their VoIP Supply hardware investments. Their hardware is completely covered for a full three years from the date of purchase. If the equipment fails, malfunctions, or ceases to operate properly for any reason (manufacturer defect, component failure or user negligence), VoIP Supply will provide a replacement.

Unlike most extended warranty programs offered by retailers, with Go³ there is no fine print or run-around during the redemption process. The only conditions include purchasing the equipment from VoIP Supply
