

go³ Replacement Warranty

Protect your investment with  **voip[®]**
SUPPLY
everything you need for voip[®]

No complex forms.

No waiting in line.

No hassles.

Let's face it, sometimes products stop working.

More often than not, they break when you least expect them to and after the manufacturer's warranty expires. For most businesses, VoIP hardware represents a major infrastructure expense.

The VoIP Supply go³ warranty program was designed to offer complete protection of this investment. If your equipment fails, malfunctions, or ceases to operate properly as a result of manufacturer defect or component failure, we'll provide an immediate replacement.

With go³, your hardware purchase is covered for a full 3 years from the date of purchase.

Basic Conditions (No Fine Print)

The equipment must have been purchased from VoIP Supply and must be returned within the go³ warranty period. go³ coverage must be purchased at the point of sale, is non refundable and is valid for one-time product replacement. Warranty can not be purchased on replacement product.
