

SIP DECT Repeater

M1

When your business grows and you need more phone coverage around the office, use the M1 SIP DECT Repeater to extend the range of your DECT devices. Pair up to three M1 repeaters to the M100 SIP DECT base station to add up to 500 feet of range—in any direction—for your cordless desksets and handsets. Each M1 repeater can handle two cordless devices.

M1 Key Features

Up to 500 feet of range*

Experience the best in long-range coverage and clarity, provided by a unique antenna design and advances in noise-filtering technology.

Up to 3 repeaters per base station

Increase range in multiple directions by pairing up to three repeaters per M100.

2 simultaneous cordless devices

Each repeater can handle a total two cordless devices.

Standard M100 Range

Additional Repeater Range

Seamless handover between base and repeater

With seamless handover between repeaters and the M100 base, don't worry about losing a call while walking around your office.

Three-year warranty

Enjoy the peace of mind that comes with an industry-leading, standard three-year warranty.

Compatible with M100, M10, M10R, M18
