Quick Start Guide

3. Instructions

3.1. DB20-H All-in-one phone station

- | | | |
|--------------------------|---------------|-----------------------|
| ① Handset LED | ④ Volume up | ⑦ Speakerphone button |
| ② Wireless phone charger | ⑤ Volume down | ⑧ Mute button |
| ③ Bluetooth button | ⑥ Mute button | ⑨ Call button |

4. How to Charge

4.1. Power ON

Connect the power adapter* to the Power port on the rear of DB20-H to power ON.

* Excessive voltage may cause damage to the product. Using a power supply that exceeds the specified voltage can damage the device or pose other potential risks. To ensure the safety and proper operation of the device, be sure to use the power specifications provided in the packaging or an equivalent power supply.

4.2. Wireless phone charge

To charge your phone wirelessly, simply place it in the wireless phone charger and make sure it is aligned with the charging zone.

Tips

Additionally, you can the phone charger's position vertically for 2cm to accommodate different phone sizes, and horizontally adjusted by 20° to adapt to various viewing angles. This enhances flexibility and visual comfort during use.

5. How to use the wireless handset

5.1. Handset power ON/OFF

To power ON the handset, press and hold the call button for 3s.

To power OFF the handset, press and hold the call button for 5s.

Tips

The wireless handset has a built-in battery, so it is important to ensure that the handset is powered on during use.

5.2. Handset charge

Place the handset back to the dock, ensure that the contact points are aligned and connected. The handset will start charging automatically.

Tips

When the handset battery level drops to low level, there will be LED reminder and an audio alert for low battery. Subsequently, a low battery reminder will be prompted every 5 minutes.

5.3. Handset connect to the base

Auto-connection:

The handset automatically pairs and connects when placed in the handset slot.

Find the handset:
If the base is in idle state and the handset is not placed on the base, tap the Bluetooth button twice to make the handset emit a continuous short beep. Double tap the base's Bluetooth button to turn off the short beep.

5.4 Handset LED Indicator

Event	Busy light	
Power ON	Solid Green 3s	
Power OFF	Flashing Green 3 times	
Incoming call	Flashing Green	
Mute	Solid Red	
Battery below 10%	Flashing Red	
Fully charged	Solid Green	
Not connected to the base	Flashing Blue 5s	
Searching for base	Flashing Blue and Green	
Handset connected with base	Solid Blue 3s	

6. How to use

6.1. USB Connection for PC

After connecting the base to the computer via a USB cable, the speakerphone button's green light will stay ON for 3 seconds and OFF afterward.

* The USB cable doesn't supply power but data transmission only.

6.2. Bluetooth Connect

Press and hold the Bluetooth button for 1s to enter pairing mode. From the list of Bluetooth devices, select "DB20-H" to pair it.

Tap the Bluetooth button in pairing mode, the pairing will be cancelled.

6.3. Manual reconnect when not auto-reconnect

In order to reconnect when you move out of the Bluetooth range and then return, but the base does not automatically re-establish the connection, you may simply tap the Bluetooth button, which will prompt the base to search for the most recently connected device and automatically reconnect with it.

6.4. Reset List

Press and hold the speakerphone button and Bluetooth button for 5 seconds, then release them to clear the Bluetooth pairing list.

6.5. Call Control

Answer call

- Press when call incoming
- Pick up the handset

Hang up call

- Press during call
- Put handset back in the handset slot

Reject call

- Double press when call incoming

Redial

- Double press when idle

6.6. Mute

Press the Mute button on the speaker or handset. Press it again to unmute. When the Mute button is pressed while the DB20-H is idle, the incoming ring will be Muted.

Tips

Mute will be automatically canceled after answering an incoming call, and it will be restored when the call ends and the base returns to idle mode.

6.7. Volume adjustment

Press the Volume up/down button on base or handset.

6.8. Base LED Indicator
