

## IP PoE Surface Mount Digital Clocks

**VIP-D425A, 4 Digit, 2.5" Display   VIP-D440A, 4 Digit, 4.0" Display  
 VIP-D625A, 6 Digit, 2.5" Display   VIP-D640A, 6 Digit, 4.0" Display**

### INTRODUCTION

The VIP-D425A 2.5 inch, 4 Digit Clock Display; VIP-D440A 4.0 inch, 4 Digit Clock Display; VIP-D625A 2.5 inch, 6 Digit Clock Display and VIP-D640A 4.0 inch, 6 Digit Clock Display enable time indication, synchronization, and correction over an IP-based LAN/WAN. This allows locating a clock display anywhere on the network. Clock synchronization is initiated via connection to any NTP (Network Time Protocol) server. The enclosure is made of steel with a durable powder coated finish. The color of the enclosure can easily be changed to match any décor. Power is provided to these clocks via a Power over Ethernet (PoE) switch meeting the 802.3af specification.

VIP-D425A

VIP-D440A

VIP-D625A

VIP-D640A

### SPECIFICATIONS

#### Features

- RJ-45 network connection
- Easy to read, high visibility Red 2.5" or 4.0" digits display hours and minutes (4 digit display) or hours, minutes and seconds (6 digit display)
- Selectable 12 or 24 hour format
- Power over Ethernet (PoE) 802.3af compatible
- High Efficiency

#### DIMENSIONS/WEIGHT – 4 Digit

- VIP-D425A – 10.65" L x 3.00" W x 4.90" H  
Weight: 2.88 LBS
- VIP-D440A – 17.00" L x 3.00" W x 6.75" H  
Weight: 5.1 LBS

#### DIMENSIONS/WEIGHT – 6 Digit

- VIP-D625A - 15.30" L x 3.00" W x 4.90" H  
Weight: 3.85 LBS
- VIP-D640A - 24.75" L x 3.00" W x 6.75" H  
Weight: 7.07 LBS

#### Nominal Power Requirements

- 4 Digit: 5.4W via 802.3af PoE
- 6 Digit: 6.9W via 802.3af PoE

#### Environment

Temperature:	0 to +40° C
Humidity:	0 to 85% non-precipitating

## Precautionary Designations

### IMPORTANT SAFETY INFORMATION CONSIGNES DE SÉCURITÉ IMPORTANTES

1. Read these instructions.  
Lisez ces instructions.
2. Keep these instructions.  
Conservez ces instructions.
3. Heed all warnings.  
Respectez tous les avertissements.
4. Follow all instructions.  
Suivez toutes les instructions.
5. Do not use this apparatus near water.  
Ne pas utiliser cet appareil près de l'eau.
6. Clean only with dry cloth.  
Nettoyez avec un chiffon sec.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.  
Ne pas bloquer les ouvertures de ventilation. Installer conformément aux instructions du fabricant.
8. Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.  
Ne pas installer à proximité de sources de chaleur telles que radiateurs, registres de chaleur, poêles ou autres appareils (y compris les amplificateurs) produisant de la chaleur.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade and the third prong are provided for your safety. If the provided plug does not fit into your outlet consult an electrician for replacement of the obsolete outlet.  
Ne pas contourner le dispositif de sécurité de la fiche polarisée ou de mise à la terre. Une fiche polarisée possède deux lames dont une plus large que l'autre. Une fiche de terre a deux lames et une troisième broche de mise à la terre. La lame large et la troisième broche sont fournies pour votre sécurité. Si la fiche fournie ne rentre pas dans votre prise, veuillez consulter un électricien pour le remplacement de la prise obsolète.
10. Protect the power cord from being walked over or pinched particularly at plugs, convenience receptacles and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.  
N'utilisez que des fixations / accessoires spécifiés par le fabricant.
12. Use only with the cart, stand, tripod, bracket or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.  
 Utilisez uniquement avec le chariot, stand, trépied, support ou table spécifié par le fabricant ou vendu avec l'appareil. Quand un chariot est utilisé, Soyez prudent lorsque vous déplacez l'ensemble chariot / appareil pour éviter des blessures dues au renversement.
13. Unplug this apparatus during lightning storms or when unused for a long period of time.  
Débranchez cet appareil pendant les orages ou lorsqu'il n'est pas utilisé pendant une longue période de temps.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way. Such as when the power supply cord or plug is damaged, liquid has been spilled, objects have fallen into the apparatus or the apparatus has been exposed to rain or moisture and does not operate normally or has been dropped.  
Confiez toute réparation à un personnel qualifié. Une réparation est nécessaire lorsque l'appareil a été endommagé de quelque façon. Par exemple lorsque le condon d'alimentation ou la fiche est endommagé, du liquide a été renversé, si des objets sont tombés dans l'appareil ou le appareil a été exposé à la pluie ou à l'humidité et ne fonctionne pas normalement ou s'il est tombé.

## INSTALLATION

### FCC Information

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

Operation of this equipment in a residential area may cause harmful interference in which case the user will be required to correct the interference at one's own expense.

## MOUNTING

Remove the side screws holding the mounting plate/rear panel to the enclosure. Mount the plate to the wall or a standard double-gang electrical box using appropriate hardware such as #8 pan head screws (not supplied). After making the required connections, reattach the enclosure to the mounting plate, rear panel.

## NETWORK CONNECTION

The VIP-D425A, VIP-D440A, VIP-D625A, and VIP-D640A have one RJ-45 network connector on the rear panel. (See Figure 1) Connect a CAT-5 patch cable from the VIP-D425A, VIP-D440A, VIP-D625A, or VIP-D640A into an Ethernet switch. If a PoE switch is not available, a PoE mid-span injector may be used to supply power to the clocks.

## Setup

Valcom IP Clocks (beginning with firmware version 3.17.4) are programmed at the factory to acquire an IP address using Dynamic Host Configuration Protocol (DHCP). If DHCP is not available, the clock will revert to the static IP address of 192.168.6.207 after 3 minutes.

In addition to the IP address, the clock will also try to acquire all of the information needed to synchronize time from the DHCP Scope. If the DHCP Scope Options noted below are correctly configured, the clock will be able to acquire the correct time without further programming.

- Option 42, NTP Server IP Address.
- Option 100, POSIX Time Zone, example: "EST5EDT4,M3.2.0/02:00,M11.1.0/2:00". This is the preferred option, and works for any area of the world.

- Option 101, Time Zone Name, example: "America/New\_York". This option is only supported for North America time zones.

Each of these options from the DHCP scope can be overridden by manually programming the desired value using the Valcom VIP-102B IP Solutions Setup Tool. If not using DHCP for IP address assignment, all of the Time settings will be configured using the Setup Tool. Download the latest version of the free IP Solutions Setup Tool from the Valcom web site at [www.valcom.com/vipsetuptool](http://www.valcom.com/vipsetuptool).

## TECHNICAL ASSISTANCE

When trouble is reported, verify power is being supplied to the unit and there are no broken connections. If a spare unit is available, substitute a spare unit for the suspected defective unit.

Assistance in troubleshooting is available from the factory. Call (540) 563-2000 and press 1 for Technical Support or via email at [support@valcom.com](mailto:support@valcom.com)

When requesting assistance, you should include all available information. It is strongly suggested that you go to the web site and review the documentation at <http://www.valcom.com>

Valcom equipment is not field-repairable. Valcom, Inc. maintains service facilities in Roanoke, VA. Should repairs be necessary, attach a tag to the unit clearly stating your company name, address, phone number, contact person and the nature of the problem. Send the unit to:

**Valcom, Inc.  
Repair & Return Dept.  
5614 Hollins Road  
Roanoke, Va. 24019-5056**

## WARRANTY

Warranty information may be found on our website at [www.valcom.com/warranty](http://www.valcom.com/warranty).
