LOGITECH ROOM SOLUTIONS POWERED BY INTEL
logitech

intel RFP READY

Logitech's Tap Room Solutions, powered by Intel, provide everything you need to easily deploy touch-enabled Microsoft Teams, or Zoom Rooms video conferencing in any size meeting room.

The Intel-powered compute platform comes pre-configured with your choice of Microsoft Teams or Zoom Rooms. Intel also powers room solutions in Microsoft certified PCs from Lenovo, HP and Dell. With calendar integration and always-on readiness these bundles include all the components you need. Designed as a simple touch-to-join meeting controller, Tap delivers reliable convenience in the meeting room enabling a frictionless user experience for joining video meetings.

LOGI P/N: TAPRALMSTINT

LOGI P/N: TAPRALZOMINT

The Rally video conferencing system further improves the video conferencing experience for medium-sized conference rooms with its vocal clarity, whisper-quiet mechanical Pan/Tilt/Zoom, 15X HD zoom, 90° field of view, and 4K sensor, combined with Logitech's RightSense™ technologies that automatically frame human figures and optimize color and luminance for human faces.

INCLUDES:
- Base Bundle
- Rally

LARGE ROOM SOLUTION

Microsoft

zoom

LOGI P/N: TAPRAPMSTINT

LOGI P/N: TAPRAPZOMINT

Rally Plus brings all of the benefits of Rally to larger spaces. With two beam-forming mic pods and two rare-magnet speakers, up to sixteen participants can be seen and heard with near-perfect clarity. Additional mic pods (sold separately, maximum 7) can bring the Rally conferencing system to groups of up to 46 people. This modular solution is the perfect fit for large conference rooms.

INCLUDES:
- Base Bundle
- Rally Plus

JumpStart Support

Microsoft Tap bundles include Logitech JumpStart, which helps customers deploy as a Skype or Microsoft Teams Room System. For 90 days from the date of purchase, you have access to configuration and support resources to assist with system, software, and security configuration.
