### iContact Camera Pro for business

The iContact Camera™ Pro aligns the person you're speaking with to bring the authenticity of in-person interactions to virtual meetings—enhancing trust, engagement, and memory retention through natural eye contact. Its compact, retractable design and plug-and-play setup make it effortless to use, ensuring you're ready for every call instantly.

With 4K UHD resolution and advanced noise-canceling audio, the iContact Camera Pro provides ultra-clear visuals and sound, making virtual meetings feel as genuine and impactful as in-person conversations.

- **Effortless Eye Contact** Retractable arm enables natural eye contact, which 88% of users prefer for engagement and trust.<sup>1</sup> Eye contact also boosts memory retention and speaker credibility.<sup>2</sup>
- **4K UHD Resolution**: 13MP sensor supports up to 4K at 30 fps, enhancing clarity and reducing visual fatigue during extended calls.
- **Smart Autofocus & Light Correction** Face-based autofocus and auto white balance create natural, balanced visuals, making speakers appear more likable.<sup>3</sup>
- **Noise-Canceling Mics** Dual beamforming mics capture clear audio, improving communication and reducing misunderstandings.<sup>4</sup>
- **Business-Ready** Zoom Certified and compatible with major platforms, and includes an accessory mount for customization.

<b>Eye contact</b>	<p><b>Enhanced Communication Through Eye Contact</b>                  Studies show that individuals overwhelmingly prefer video communication that enables eye contact (88%) compared to setups that do not (12%).<sup>1</sup> Increased eye contact has been linked to perceptions of the speaker as more likable and honest,<sup>2</sup> with measurable improvements in performance and engagement during virtual interactions.<sup>3</sup> In fact, college students performed 39% better on tasks when their instructor maintained eye contact in virtual lectures,<sup>4</sup> and effective turn-taking in multi-party calls improved by 25% with direct eye contact.<sup>5</sup> The iContact Camera Pro leverages these insights to make virtual meetings more engaging, trustworthy, and productive.</p>	
<b>Video</b>	Resolutions	Supports multiple resolutions, including 4K/30fps, 1080p/60fps, and 720p/60fps to best support the quality offered by your application and monitor
	Image sensor	13MP IMX258
	Field of view	78° (2x hardware zoom with app)
	Auto focus	Closed-loop autofocus with face-based technology provides fast, accurate focus, delivering sharp video quality with balanced colors and detail. Switch to manual focus if preferred for enhanced control.
	Auto light correction	Autofocus and auto white balance combine with face-based image enhancement, delivering a natural image even in challenging lighting conditions.
<b>Audio</b>	Noise-reducing, dual beamforming mics provide business-class audio performance. With the iContact Control app, take advantage of the AI neural network to remove all sounds that are not your voice.	
<b>Compatibility</b>	Works with Windows, or MacOS, and most platforms and operating systems to ensure compatibility and seamless integration in the workplace.	

<b>App for video, audio and text</b>	The iContact Control app offers professional video and audio customization for your webcam. Add text and image overlays, adjust skin tone, white balance, and exposure. It also controls our Light Panel accessory, letting you adjust brightness and color temperature for perfect lighting in any setting.		
<b>General</b>	Dimensions and weight	Camera module: 12mm (.5in) Width: 115mm (5in) Depth: 83mm (3.25in) Weight: 520g (18oz) Cable length 1.5m (4.9ft) Retractable arm 108mm (4.3in)	
	What's in the box	iContact Camera Pro with universal mount USB-C 2.0 cable QuickStart guide USB-C to USB-A adaptor	
	Warranty	1-year limited hardware warranty	
<b>Connectivity</b>	Easily connects via USB-C 3.0 or 2.0		
<b>Package specifications</b>	Bar code	SKU	D8GGY5V3MFX
		UPC	850071733013
	Box dimensions	165*101*83mm	
<b>Retractable arm</b>	The retractable arm of the iContact Camera Pro ensures easy opening and closing, allowing you to quickly adjust the camera for the perfect eye contact experience.		
<b>Accessory mount</b>	Our unique built-in accessory mount allows for seamless integration of lights, microphones, and more.		
<b>Sustainability</b>	Paper packaging: EPR-certified demonstrates compliance with environmental sustainability and recycling standards.		
<b>Certifications</b>	Zoom, REACH, ROHS, FCC and CE, UKCA, UK WEEE, EPR ICES certified
